

Dog's Ears Cleaning:

The ears should be cleaned at regular intervals once a week using a suitable lotion.

You can mix your own 75% Medical alcohol and 25% Glycerine; put it in a clean Ear-dropper bottle and shake well. Tincture lotion drop by drop, 3 or 4 drops squirted in each ear, followed by a massage of the base of the ear for about 30 seconds. After having removed your finger, they will shake their head, and you can carefully clean the ear. Never push Q - tips down the ear canal.

Minor ear care; the ear is cleaned daily with cotton wool, until the cotton wool at the end of a stick or swab comes out clean.

Calendula ointment on a fresh piece of cotton wool is then applied (or Calendula tincture instilled drop by drop). After this, the external auditory canal is gently massaged by hand from the outside.

TREATMENT; OF A BADLY INFLAMED EAR, SEE YOUR VETERINARIAN immediately.
